TECHNOLOGY ACCEPTABLE USE POLICY

As the parent or guardian of the student named above, I grant permission for him/her to be issued an account and to access networked technology services such as electronic email and the Internet. I understand that some materials on the Internet may be objectionable, but I accept responsibility for providing guidance to my son/daughter on Internet use both inside and outside of school, setting and conveying standards for the student when selecting, sharing, or exploring information and media. I understand that Bishop Canevin will attempt to restrict access to objectionable material. However, recognizing that this is virtually impossible, will not hold school authorities responsible for materials students may acquire over the school network.

I have read, understand and agree to comply with the rules for acceptable technology behavior on previous pages of this handbook. Should I (the student) violate these rules, I understand that I may lose network privileges, be subject to school disciplinary and/or legal action.
